

UL Style 1500

Extruded PVC Insulated Wire

Description:

Conductor: Stranded Soft Bare or Tinned Copper

Insulation: PVC

Characteristics:

Rating Temperature: 105°C

Rating Voltage : 600 V. AC

UL VW-1 & CSA FT1, FT2 Flame Test Approved

UL Oil Resistant Test at 60°C Approved

Applications:

For Internal Wiring of Appliances

Construction:

UL/CSA	Rating		Size AWG or MCM	Conductor No./mm	PVC Insulation		Dielectric Voltage KV/1 min.	Standard Length
